INTS CONSULTING - Senior Business Analyst

Description

Senior Business Analyst – Job Description

Hiring organization

INTS Consulting

Date posted

2023-05-29

EHN Canada is the country's largest provider of mental health and addiction services, with inpatient operations in most provinces and an in-person and virtual outpatient program. It has tripled in size over the past four years as it adds new locations and programs. It now helps over 2000 patients and their families each year and works with governments and employers across Canada.

EHN Canada is a company with a purpose. It believes that every Canadian has the right to mental health and addiction services that are accessible (i.e. little/no wait times); affordable (i.e. paid for by your government or employer) and excellent (i.e. using outcomes measurement and evidenced based practices). If it doesn't do this, nobody else will.

TITLE: Senior Business Analyst

DEPARTMENT: Reporting and Analytics

HOURS OF WORK/SHIFTS: Full time, salary

RESPONSIBLE TO: Manager, Reporting and Analytics

WORK CONDITIONS: Hybrid or Remote. Some travel may be required.

Salary Range: \$80,000 – \$90,000 annually, plus benefits

Job Description

EHN Canada is looking for a Senior Business Analyst to provide strategic planning, analysis, reporting, modelling, research, insights, and recommendations to support executive-level problem solving and decision making for EHN's Outpatient Services in a fast-paced environment. The ideal candidate is humble and curious, with at least two years of experience as an analyst or similar data-intensive role looking to help improve behavioural healthcare for Canadians.

Job Function and Duties

- In collaboration with EHN Outpatient Leadership, conduct process evaluation and modelling to identify inefficiencies and propose potential improvements that are in keeping with EHN's mission to provide care that is affordable, accessible, and excellent.
